Completed the second year pre-university examination with 91.5%

EXPERIENCE

Canbank Computer Services Ltd, Bangalore — *Customer Support Executive*

APRIL 2017 - APRIL 2018

Worked as customer support executive under the internet and mobile banking section at the IT Subsidiary of Canara Bank.

PROJECTS

RECIPE APP — *Web Development*

Created a fully polished app using server-side APIs, HTML, CSS and JS. The project is dedicated towards helping individuals search for, create and store recipes all in one application.

BUDGET ANALYSIS AND REMINDER — *An Academic project*

Created an app using language java, PHP and tool Android studio. The application helps to understand the savings of every month and quickly identify areas where we may be overspending. It allows planning for an entire year and to make a realistic assessment of financial status in the future.

SKILLS

Fundamental concepts of web development, covering front end technologies like HTML, CSS and JS as well as command line fundamentals and API consumption.

Core java: fundamental concepts of oops and knowledge on java threads, error and exception handling.
